

# 兔抗 DNPEP 多克隆抗体

中文名称： 兔抗 DNPEP 多克隆抗体

英文名称： Anti-DNPEP rabbit polyclonal antibody

别 名： aspartyl aminopeptidase; DAP; ASPEP

相关类别： 一抗

储 存： 冷冻 (-20°C)

宿 主： Rabbit

抗 原： DNPEP

反应种属： Human, Mouse

标 记 物： Unconjugate

克隆类型： rabbit polyclonal

## 技术规格

<b>Background:</b>	The protein encoded by this gene is an aminopeptidase which prefers acidic amino acids, and specifically favors aspartic acid over glutamic acid. It is thought to be a cytosolic protein involved in general metabolism of intracellular proteins. Several transcript variants encoding different isoforms have been found for this gene.
<b>Applications:</b>	ELISA, IHC
<b>Name of antibody:</b>	DNPEP
<b>Immunogen:</b>	Fusion protein of human DNPEP
<b>Full name:</b>	aspartyl aminopeptidase
<b>Synonyms:</b>	DAP; ASPEP
<b>SwissProt:</b>	Q9ULA0
<b>ELISA Recommended dilution:</b>	5000-10000

IHC positive control:	Human tonsil and Human cervical cancer
IHC Recommend dilution:	30-150
